POST #1

A \$75 million investment in afterschool and summer programming would mean that more than 375,000 more #Michigan youth would be able to access the learning and development opportunities they need. #FundMichOST

POST #2

Afterschool programs and summer learning experiences provide tremendous value for youth — supporting academic, physical, social, and emotional growth. #FundMichOST

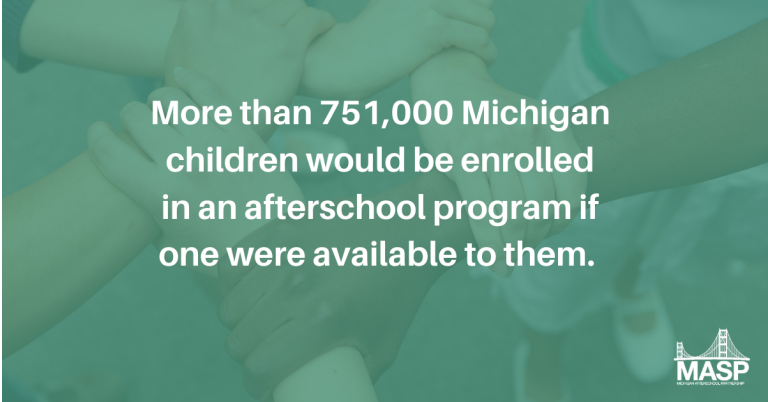

Out-of-school time
learning opportunities
are game changers for
Michigan students.

POST #3

There are too many #Michigan communities where afterschool programs are less available than they should be. State leaders have the opportunity to properly #FundMichOST.

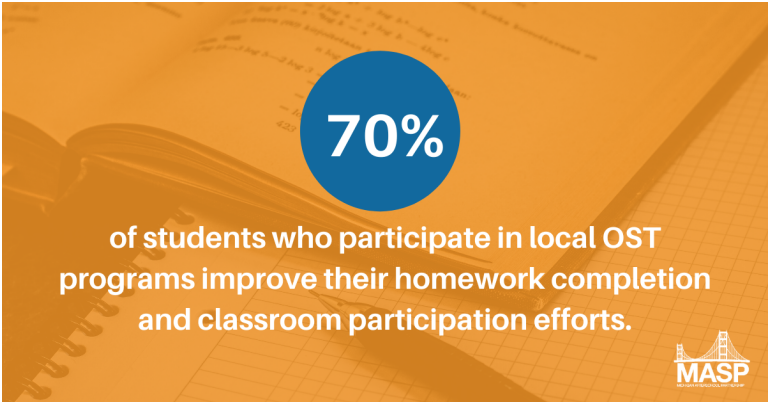

POST #4

Robust state financial support is needed to keep #Michigan's OST programs strong and growing. Let's #FundMichOST!

POST #5

OST experiences provide socialization, innovative content and reliable support for all and #Michigan youth and families benefit strongly from these programs. #FundMichOST

POST #6

#Michigan's working families have been stretched to the limit when it comes to caring for their children during work hours. Local OST programs offer much-needed support. #FundMichOST

**90% of working parents
say community-based
afterschool and summer
programs have helped
them keep their jobs.**
